ORAL REPRESENTATIONS CANNOT BE RELIED UPON AS CORRECTLY STATING THE REPRESENTATIONS OF THE DEVELOPER. FOR CORRECT REPRESENTATIONS, MAKE REFERENCE TO THIS BROCHURE AND TO THE DOCUMENTS REQUIRED BY SECTION 718.503, FLORIDA STATUTES, TO BE FURNISHED BY A DEVELOPER TO A BUYER OR LESSEE.

This is not an offering for the purchase of a unit. An offering is made only by the prospectus and its exhibits (the "Condominium Documents") for 321 at Water's Edge, a Condominium (the "Condominium"), and no statements should be relied upon unless made in the Condominium Documents furnished by 321 Birch LLC, a Florida limited liability company (the "Developer") pursuant to applicable law. This is not intended to be an offer to sell, or solicitation to buy, a unit in the Condominium in any jurisdiction where prohibited by law. In no event shall any solicitation, offer or sale of a unit in the Condominium be made in, or to residents of, any state or country in which such activity would be unlawful. Broker participation is welcomed. No real estate broker or salesperson is authorized to make any representations or other statements regarding the Condominium, and no agreements with, deposits paid to or other arrangements made with any real estate broker are or shall be binding on the Developer. The information contained herein, including, without limitation, any and all artist's or architectural conceptual renderings, plans, floor plans, specifications, features, facilities, dimensions, measurements and amenities depicted, or otherwise described herein, are based upon current development plans, which are subject to change or abandonment without notice, and may not be relied upon. No guarantees or representations whatsoever are made that any renderings, plans, floor plans, specifications, features, facilities, dimensions, measurements or amenities depicted, or otherwise described herein, will be provided, or, if provided, will be of the same type, size, quality, location or nature as depicted or otherwise described herein. If developed, the development of the Condominium is expected to occur over many years and the development plan will likely be modified from time to time to respond to varying market conditions and changes in circumstances. Any stated square footages, dimensions and other measurements reflected herein are based on preliminary pre-construction plans, which are subject to change without notice and will vary with actual construction. Any stated square footages, dimensions and other measurements of units are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls between units and will vary from the dimensions of the unit that would be determined by using the description and definition of the "Unit" as set forth in the Declaration of Condominium (the "Declaration") for the Condominium (which generally only includes the interior airspace between the perimeter walls and excludes all interior structural components and other common elements). This method of measurement is generally used in sales materials and is provided to allow a prospective purchaser to compare the units in the Condominium with units in other condominium projects that utilize the same method. Terraces, patios, balconies, rooftop terraces and cabanas are not part of the "Unit" as set forth in the Declaration. Measurements and dimensions of rooms are generally taken at the farthest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts, soffits or other variations. Accordingly, the square footage of the actual room will typically be smaller than the product obtained by multiplying the stated length and width. For the square footage of the units based on the definition of "Unit" in the Declaration, refer to Exhibit "2" to the Declaration included in the Condominium Documents. All depictions or descriptions of furniture, appliances, fixtures, counters, floor coverings and other matters of detail, including, without limitation, items of finish and decoration, are conceptual only and are not included in the unit unless expressly indicated in a buyer's purchase agreement. Interior photos shown may depict options and upgrades and are not representative of standard features and may not be available for all model types. The Developer reserves the right, without notice to or approval by the buyers, to make changes or substitutions of equal or better quality for any fixtures, appliances, furniture and other items of finish and decoration which are included with the unit. All prices are subject to change, and price changes may occur that are not yet reflected herein. Buyers should check with the sales center for the most current pricing. Renderings depict proposed views, which are not identical from each unit. Any view from a unit or from other portions of the Condominium may in the future be limited or eliminated by future development or forces of nature. No guarantees or representations whatsoever are made that existing or future views of the Condominium and surrounding areas depicted by artist's conceptual renderings or otherwise described herein, will be provided or, if provided, will be as depicted or described herein. All images and designs depicted herein are artist's conceptual renderings, which are based upon preliminary development plans, and are subject to change without notice. All such materials are not to scale and are shown solely for illustrative purposes. The photographs contained herein may be stock photography or have been taken off-site and are used to depict the spirit of the lifestyle to be achieved rather than any that may exist or that may be proposed, and are merely intended as illustration of the activities and concepts depicted therein. All improvements, designs and construction are subject to first obtaining the appropriate federal, state and local permits and approvals for same. These drawings and depictions are conceptual only and are for the convenience of reference. They should not be relied upon as representations, express or implied, of the final detail of the units. The Developer expressly reserves the right to make modifications, revisions and changes it deemed desirable in its sole and absolute discretion. Any and all references to and/or renderings, depictions or descriptions of other proposed projects or nearby facilities depicted or described are proposed only, are not constructed, and are not being developed by the Developer. The Developer has no control over those projects or facilities, and there is no guarantee that they will be developed, or if so, when and what they will consist of. Any information provided regarding any such projects or facilities was obtained from public information, including, without limitation, newspaper articles, and the Developer makes no representations as to same. All depictions or descriptions of a marina, and all references to boat slips, docks and related facilities, are based on potential development plans, which are subject to change without notice. The Developer, or its designee, may (in its sole and absolute discretion and without creating any obligation) construct a marina, including boat slips, docks and related facilities along the waterway adjacent to (and not within) the Condominium. Construction of a marina requires numerous permits and approvals from various governmental authorities, and the issuance of permits and/or approvals for a marina is at the discretion of, and shall be subject to the terms and conditions set forth by, the applicable governmental authorities. No representations or warranties are being made by the Developer regarding the development, construction, operation or use of the Marina, or the nature, type, quality, size or completion date of the Marina if, and to the extent, it is constructed. Furthermore, no representations or warranties are being made by Developer regarding: (i) the duration of the term of the Marina Licenses, (ii) the costs or other terms related to the Marina Licenses, or (iii) the availability, nature, type, quality, duration or other terms for the use rights to any boat slips or other facilities within the Marina (if and to the extent constructed, that any such marina, or any boat slips, docks or related facilities, will be available to the Condominium or its owners). The Condominium is being developed by the Developer, which was formed solely for such purpose and has a limited right to use the trademarked name and logo of SobelCo., Inc. pursuant to a license and marketing agreement with each entity. SobelCo., Inc. is affiliated with the Developer, but is not the developer of this Condominium. Any and all statements, disclosures and/or representations shall be deemed made by the Developer and not by SobelCo., Inc. or any other party, and each buyer shall look solely to Developer (and not to SobelCo., Inc. or any of its affiliates) with respect to any and all matters relating to the development and construction of the Condominium and with respect to the marketing and sales of units in the Condominium. This [brochure/website] is an overview of the Condominium and in no way whatsoever should the information be relied upon for financial, tax, accounting, investment, business, architectural design, interior design or legal advice.
